PROFESSIONAL SUMMARY

Backend engineer with 2+ years of experience building production Laravel applications, REST APIs, and database-backed systems. Led major backend delivery for Kesari Select (live client platform), and shipped internal tools for print operations, HR, and email campaigns. Hands-on with Docker and AWS/Nginx deployments. Conducted a Git & Docker workshop for university students.

TECHNICAL SKILLS

Backend: Laravel, PHP, REST APIs, Queue Jobs, Livewire, Blade, Frappe APIs

Database: MySQL (schema design, querying, optimization), MongoDB, PostgreSQL

DevOps & Tools: Docker, Git, AWS EC2, Nginx, PHP-FPM, Linux, SSL, Amazon S3

Frontend: Blade, Livewire, React (working knowledge)

PROFESSIONAL EXPERIENCE

Laravel Developer May 2025 – Present

Shine Infosoft, Ahmedabad

- Owned core backend delivery for Kesari Select — website APIs, internal tools, and ERP integrations on a live production platform.
- Built and maintained Laravel modules, admin workflows, notifications, and production fixes used by business teams daily.
- Delivered systems for print workflows, HR operations, and queue-based email campaigns.
- Deployed applications using Docker, Nginx, PHP-FPM, SSL, and AWS EC2.

PHP Developer Dec 2024 – May 2025

Magecurious, Ahmedabad

- Worked on live PHP project assignments with mentoring from senior developers.
- Built practical backend fundamentals through real-world coding tasks and team collaboration.

KEY PROJECTS

Kesari Select — Laravel, Frappe, Docker, APIs | kesariselect.com

Flagship live client platform. Led backend work across website, internal tools, and ERP-connected product flows.

Smart Print System — Laravel, MySQL

Print operations system: job queuing, order tracking, status management, and admin dashboard.

HRM & Email Campaign System — Laravel, Queue Jobs

HR modules for employee records and leave, plus a queue-based bulk email campaign engine.

EDUCATION

MCA — Master of Computer Applications Final Year (Pursuing)

BCA — Bachelor of Computer Applications Completed

WORKSHOP & ACHIEVEMENTS

Workshop Facilitator — Dr. Subhash University Aug 2026

Practical Hands-on Workshop for BCA & MCA Students

Conducted a full practical session on Git version control and Docker container fundamentals. Guided students through live demos, local setup walkthroughs, and real developer workflows — helping bridge classroom learning with industry practice. Grateful to Dr. Subhash University for the opportunity to teach and mentor university cohorts.

Grand Finalist — New India Vibrant Hackathon 2023

Pandit Deendayal Energy University (PDEU)

Selected from the regional round and advanced to the Grand Finale. Built and presented a backend-focused solution under strict time pressure, defended architecture decisions before judges and mentors, and strengthened skills in rapid delivery, teamwork, and technical communication throughout the competition.
